

MA 202: Quiz 1
Tuesday 01/23/2018

Name _____

Section _____

1. Use algebra tiles to **model and solve** the following equation.

$$5x + 3 = -12$$

2. If possible, **find** two integers a and b so that $\frac{a}{b} = 2.\bar{7}$. If this is not possible, **explain why**.
